Enjoy painting and explore different styles throughout 2025

Paint your Heart and Soul 2025 is now open for registration and I am participating for my fifth time. You can learn from over 30 professional artists as they share their tips and techniques for painting portraiture, still life and much more over 52 video masterclasses - including 2 brand new lessons from me - yippee!

Theme parks, mixed media art and regular creativity

When we visit a theme park we spend time on the rides and attractions that we enjoy and we do not worry about going on rides that we do not like. Yet, when it comes to online art courses, we often shift the focus to what we won't be able to do and this negativity can stop us embracing what we love. In this blog I talk about shifting your mindset to benefit from regular creative inspiration.

Sustainability and creativity

There is a LOT of talk when it comes to sustainability in the art community, and it is something I am passionate about. I am also very much a realist. A lot of the materials we use contain plastics and solvents, whilst these have come a LONG way in being more eco-friendly, they still leave a footprint on our precious planet.

In this blog I share how I look at sustainability both in terms of sustaining our own energy and also how, as an artist, I take steps to adopt sustainable practices that bring soul to my work.

Igniting that creative spark within - Little steps on your creative path to support your wellbeing

We are so conditioned to believing that we need to optimise our lives and get to our goals sooner that we reach for the easiest solutions. In doing this we can almost disconnect with the energy that we all hold deep within ourselves. In this blog I share my tips and personal experience on how to ignite that spark and
